

## Rationale

The Equality Act 2010 replaces previous discrimination law and provides a single piece of legislation covering all types of discrimination that are unlawful. The approach of the school to meet the provisions of the Equality Act 2010 is set out fully in the Single Equality Policy. The definition of disability under the law is a wide one. A disabled person, as defined under the Equality Act 2010, is someone who has a physical or mental impairment that has a substantial and long term adverse effect on his or her ability to carry out normal day-to-day activities. If a person has been disabled in the past they are still covered by the legislation for the rest of their life.
