In PE at Riverley,...

**WE BELIEVE  
WE SUCCEED  
WE ACHIEVE**

This term, the children have been learning a range of different skills in sport during their PE lessons including football, hockey and dance. Each lesson aims to build upon their last as they refine their learning towards a performance or friendly tournament at the end of each unit or work. As well as the physical element of each topic, the children are passionate sportspeople and, as such, focus on developing their leadership, encouragement, self-discipline and motivation. The sport focus for this half-term is football and in the lead up to the FIFA World Cup games, children across the school have been refining their football and team building skills.

# Borough Athletics TOURNAMENT

This term has seen the children from Year 2 to 6 proudly representing their school as they competed in the Borough Athletics competitions. With great determination, the children performed incredibly, taking their positive 'Have-a-Go-Halibut' attitudes with them throughout the day. The children showed great team spirit and sportsmanship throughout, encouraging each other and those of other schools, doing themselves and their school very proud!
